**Re: Separation of wastes; receptacles**

Dear Property Manager,

**Thank you for your cooperation.**

All complexes within the Town of Greenburgh that receive collection services from the Town of Greenburgh Bureau of Sanitation are required to separate garbage, paper recyclable materials, commingled recyclable materials (including glass, plastic, and metal), and rubbish into separate containers for collection, per Town Code. A copy of the Town of Greenburgh Town, chapter 410 is attached.

All complexes will be closely monitored for compliance. Violations may compel the Town of Greenburgh to cease collections and impel you to use a private outside vendor. We thank you for your cooperation in this matter.

Respectfully,

Martino D'Abruzzo  
Code Enforcement Officer  
Town Inspector
